The Board of Directors will be presenting the following motion for your approval.

Be it moved that ElderActive Recreation Association replace Bylaw Part 5, Directors Number 23, Section c, of the Constitution and By-Laws which states;

(c) No member shall hold the President's office longer than two consecutive one year terms, and no person having been President for two consecutive terms, and having sat out at least one year, may run for and be elected to the office of President. A member may only hold the office of President for a total of four years during his membership in the Society.

With; (c) No member shall hold the President's office longer than four consecutive terms.

Rationale: This will allow the President to preside through two consecutive Games while still maintaining the integrity of the four year term limit.

Effect: The current President (ending his second year), who is also the Yukon Representative at the National 55+ Games, may run for President at this meeting. This will provide continuity in the planning for the Games, and the organization as a whole.
